## **There is clean and there is real healthy clean**

---

"All of our products are designed to work as well as their traditional counterparts, but use renewable, non-toxic, phosphate free and biodegradable ingredients, and are never tested on animals. They are as gentle on the planet as they are on people and they don't create fumes or leave residues that may affect the health of your family or your pets. A wide selection of products is available without added dyes or fragrances. These Free & Clear products are ideal for people who are sensitive to dyes and fragrances used in many traditional and other natural brands of household products."

## **Products are available both unscented or scented with real essential oils**

### **Q: What makes your products natural?**

**A:** GoBio! Products are non-toxic and plant-based. Our products are free of phosphates, chlorine, petroleum chemicals and other harmful ingredients. They are 100% biodegradable and the containers are easily recycled.

### **Q: Who should use GoBio! products?**

**A:** GoBio! products are designed for everyone and anyone who wants to retain their good health. They contain no carcinogens, are non-toxic and plant based. In short, GoBio! products are the type of products sought by people who are concerned about reducing the amount of toxins in their home and the environment, including those sensitive to allergies.

### **Q: Do your products work as well as mainstream products?**

**A:** YES!! In comparison tests, GoBio! products work just as well, if not better, than mainstream products.

### **Q: Are your products tested on animals?**

**A:** NO! GoBio! products are not tested on animals or containing animal ingredients.
